Subject: RE: Swinomish add campaign

I spoke to Larry today about other campaign elements that are active. He indicated that there are radio spots on 94.9 KUOW that direct traffic to the What's Upstream website. He indicated these are airing 4-5 times a day.

In summary there are active billboards; Web presence at What's Upstream and soon to be at FB; and lastly radio spots.

Thanks,

Dietrich

Thank you, Dietrich. I have a meeting with an attorney scheduled for Monday, the soonest we were able to find a time to meet. I'll let you know the outcome of that discussion.

On a related note, FYI, this article just came out:

I have sent an additional inquiry to Larry to fill in the location and content gaps. There will also be a facebook presence soon. I also provided you information on the chang.org website yesterday where the Tribe is proposing to have media present. Once you have reviewed that material it would be great too touch base. Larry is waiting on a response and is eager to move forward.

Thank you very much, Dietrich! This is extremely helpful. One additional question - Larry said that Strategies 360 has also placed digital (e.g., REI website, but he wasn't sure about this, and he didn't know the scope of where the ads had been placed - I checked the REI website and didn't see anything) and radio ads (e.g., NPR). Do you have any information on what content is being delivered via social media and other mechanisms to drive traffic to the website?

Thank you again!

Lisa

Lisa and Peter.

I had a conversation with Larry Wasserman today regarding Lisa's request for better understanding of the current geographical distribution and content of the billboards. He has indicated that the picture (see below) used in the current billboards is the same ones used on the Whatcom Co.

Buses- which were pulled. The current schedule of the Billboard campaign is as follows:

- . King County Billboard:
 - o Started week of 2/29, rotates to new locations 4/25 and 6/20
 - . Thurston County Billboard:
 - o Started week of 3/7, rotates 4/4, 5/2, 6/27
- new locations will be determined 3-4 weeks before each rotation.

- . Also our smaller billboards post as follows:
 - o #983 Guide Meridian/Horton (Bellingham) - posted week of 3/7
 - o #1621 State Highway 20/Christiansen Rd. - week of 5/2
 - o #1014 Guide Meridian/Stuart (Bellingham) - week of 6/27

The What's Upstream website went active last year.

Regards,

Dietrich
